## THIEF WRITES OF HIS DEED

## Missouri Store Robber Says Reading Advertisement Caused All

The Missouri Store has received a letter, supposedly, from the person who broke into the store Thursday night and stole \$150 worth of goods. It is dated October 9 and stamped "Columbia, 10 p. m." The front of the envelope looks like this:

"Mr. Lucas  
the Missouri Store  
Columbia  
Mo."

On the back of the envelope is this: "You can have the pipes back. They are no good as I can see." Inside the envelope was a small piece of rough paper, one end torn off jagged, which had been folded once across the middle. One back of this fold has a stamp on it, up-side down, and this address: "Mr. Lucas  
Col"

The note, written in a cramped, straggling hand, with the words ranging toward the top of the sheet, reads: "Mr. Lucas You ought to blame me I couldn't help it I been read your advertisement in the Missouriian I am sorry now but I will quit reading your ads"

You want get me this time  
Dick."

All the writing was done with a lead pencil.

It happened in an astronomy class when the instructor was talking about the Milky Way. Immediately a sophomore from the back of the room asked: "Professor, why do they call it the Milky Way?"

The professor asked if any one could answer the question. Without the least hesitation, one of the freshmen called out triumphantly: "Because the stars are condensed there."

SEVEN TOUCHDOWNS  
AGAINST BAPTISTS.  
(Continued from page one.)

the ball and he made a touchdown and later kicked goal.

At this point of the game the Missouri light trio was sent in, Miller at right halfback, Woody at fullback and Lake at left halfback. In a few minutes by successful forward passes the Tiger chance came, Shepard catching a pass from Lake 25 yards away and dashing five yards across the visitors' goal. Lake kicked goal. It was in this period that Lake made the 70 yard run which still marks him as a good broken field racer. Shepard again went over for a touchdown after receiving a forward pass from the shifty Lake, a distance of 25 yards. Lake failed to make goal. Shortly after that Speelman, Tiger end, duplicated the Shepard feat of catching a forward pass and scoring a touchdown. Shepard failed to kick goal.

## Third Quarter.

This quarter was a draw as far as scoring is reckoned. The visitors made their first attack on the Tiger line and gained a scant three yards.

Shepard in Action

Later Waterman on a fake kick when called for a tackle-back play plunged 10 yards through the Tigers. The visitors were forced to punt and Captain Clay recovered a blocked kick. However, with all their scrapping the Tigers were unable to put the ball over during this period. The whistle blew for the end of the quarter when Missouri had the ball on William Jewell's 25 yard line.

## Fourth Quarter.

In the first few minutes of play, when Missouri was within 25 yards of another score, Lake went around end for a touchdown and Graves failed to kick goal.

In this quarter, when Shepard fumbled a kickoff on the Tiger 20 yard line, Ferguson of William Jewell recovered. From this point Waterman attempted a field goal from placement. Shepard also tried to score "aerially" by dropkicking when a punt was due. Waterman had another chance on the 20-yard line to kick a field goal but was evidently hastened by the Tiger charges and missed.

OKLAHOMAN WOULD  
END FILIBUSTERING

Senator Owen Plans to Allow  
Two Days' Debate After  
Objection.

## FAMOUS INSTANCES

Tillman Quoted Dictionary—  
Older Heads Opposed to  
Charge.

By United Press.  
WASHINGTON, Oct. 10.—After the end of the next session of Congress, if predictions of Senator Owen of Oklahoma are accurate, there will be no more tiresome, unending debates in the United States Senate. It will be possible, if the plan of the Oklahoma senator is carried out, to make a motion at any time in the consideration of any bill to bring debate to a close within two days, half the time remaining after the motion is carried to be assigned to each side of the argument.

For obvious reasons no fight is being made at this session to put through any such "radical" rule. A number of the older senators are desperately opposed to any change, and would filibuster against it.

Under the present rules, if enough of them got together and continued to talk, it would be impossible for a vote ever to be reached, so that plenty of time would be lost to put through this time-saving rule. But time is just what there is a scarcity of at this session of Congress, which has already dragged along to almost record-breaking length, and threatens to continue until December, when the next regular session begins.

A striking example of what one senator is able to do in the way of obstructing legislation was shown at this session in the action of Senator Burton of Ohio in opposing passage of the rivers and harbors "pork barrel" bill. Under the present rules a senator may discuss a bill for a year continuously, if he is physically able to do so, nor is he confined to the subject under discussion.

They still tell the story of how "Pitchfork Ben" Tillman, on one occasion, while filibustering against some measure to which he particularly objected, quoted a word in a peculiar sense. His use of the word was questioned, whereupon he had a dictionary brought in, and, to prove that the definition of the words in that dictionary was to be accepted, read page after page of words and definitions to prove that the dictionary he quoted was an authority which could be accepted!

The principal defense of the present system is that no filibuster could succeed which did not have a tremendous popular sentiment behind it. It is pointed out that if Senator Burton did not have strong support to prevent the passage of the rivers and harbors bill, he would not have been able to resist the outcry which might have been aroused by the waste of time to which he is resorting.

## TO PUSH TENTH AMENDMENT

## Anti-Saloon League Here Will Canvass Voters in Boone County.

Rev. E. F. Jones, legislative superintendent of the anti-saloon league, organized Boone County for the County Unit Option Campaign Friday night. James M. Batterton was appointed chairman for the county, J. B. Cole, vice-president; Willard Goldsberry, secretary; Emmet McDonald, treasurer. Mrs. A. D. Petty, district president of the W. C. T. U.; Mrs. S. B. Searcy, president of the Columbia W. C. T. U.; and Mrs. J. M. Windsor, superintendent of the W. P. B., were appointed on the executive committee.

The organization expects to make a fight for the tenth amendment which will be submitted to the voters of Missouri in November. The amendment provides for county unit option. Definite plans have not been made yet for the campaign here. It is expected that the organization will arrange for literature on anti-saloon subjects to be distributed to the voters of Boone county. The preachers of the different churches in the county will be asked to devote a Sunday to a sermon on the subject. If possible a house-to-house canvass of the county will be made.
